

Online Training

Derivation and Application of Maximum Residue Limits

7 February 2023, Online

Maximum residue limits (MRLs) are the principal method of controlling and monitoring the use of plant protection products in the EU.

During this online training course, you will receive an introduction to EU MRLs, covering a brief description of the residue data requirements, an introduction to the toxicological reference values and the calculation of MRLs. An overview of the EU MRL legislation and the application process will be given. An introduction to GB MRLs will cover the similarities and differences with the EU process.

Learning Objectives

- Gain an overview of the EU legislation and the application process for MRLs
- Learn how to derive MRLs with respect to data requirements and toxicological reference values
- Understand the similarities and differences between the EU and GB

Tuesday, 7 February 2023 | 09:00 – 13:00 CET

Introduction to EU MRLs

- What are they and why do we have them?
- Overview of data package required
- Toxicological endpoints and reference values
- Calculation of MRLs
- Introduction to EU MRL legislation

EU MRL application process

- Overview of application process and IUCLID requirements

Introduction to GB MRLs

- Similarities and differences with the EU process

Summary & Discussion

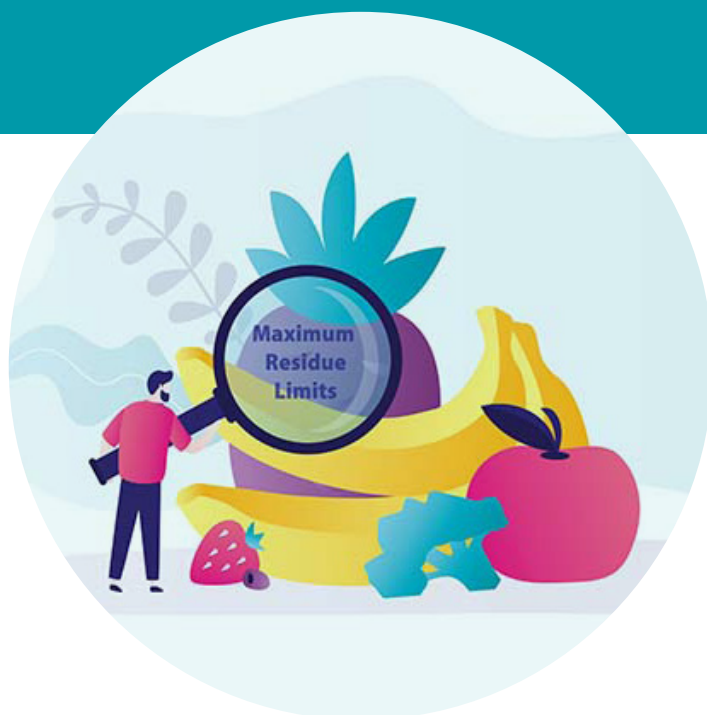

**Timings are in
Central European Time CET.**

The Organisers

For more than 25 years, Akademie Fresenius has been your partner for practice-orientated training on all the latest topics surrounding the safety and quality of food, consumer goods and chemical products along the whole production chain. Our portfolio not only includes international conferences but also offers national trade meetings, intensive practical seminars and training in small work groups. Our events are designed to promote an active exchange amongst our participants and offer the perfect platform for bringing the industry, the scientific sector, the authorities and the consulting field together. Excellent service, all-inclusive. Our wide-ranging advanced training opportunities contribute to giving our customers the competitive edge in all quality assurance, risk assessment, legal, production and technical questions.

Akademie Fresenius is a joint venture between Cognos, one of the largest private and independent education groups in Germany, and SGS Institut Fresenius, one of the leading German providers of chemical laboratory analysis.

You can find details on upcoming and new events at www.akademie-fresenius.com

Who will benefit from this training?

Professionals working in the fields of:

- ✓ Regulatory affairs
- ✓ Hazard, exposure and risk assessment
- ✓ Product safety

Sectors that should take part:

- ✓ Pesticide industry
- ✓ Competent authorities, regulatory bodies and research institutes
- ✓ Consultancies
- ✓ Professional associations

How will this online training work?

Our online training will be live – with interactive participation – and will be held in the English language. Prior to the training, we will provide you with your login details which will allow you to participate and ask questions from your preferred location. All you need is a stable internet connection and an audio hardware system – and away you go!

Terms of Participation and Purchase: The registration fee includes the participation in the online event and the event documentation for download. You will receive written confirmation of your registration. Upon receiving our invoice, please transfer the amount due without further deductions before the event begins.

Group Reductions: For joint bookings received from one company we grant a 15% discount from the third participant onwards.

Terms of Cancellation: Cancellations or rebookings to another event are possible in writing without giving reasons and free of charge up to one week before the start of the online event. In the event of later cancellations or non-login to the online event, no participation fees can be refunded. In this case, however, you will receive access to the documentation download after the event. Please note that you can name a substitute participant free of charge at any time.

General Terms and Conditions: By registering, you agree to our General Terms and

Conditions as well as to our Privacy Policy. You can find our GTC on the internet (www.akademie-fresenius.com/general-terms) or receive them on request.

Personal Data: The Akademie Fresenius will keep your data for the purpose of organising this event. We will under no circumstances use your data for commercial trade purposes. By registering for this online event, you consent to our occasionally contacting you by mail, email or phone in order to provide you with further information from our company. You can, of course, withdraw your consent whenever you wish. During this online event, image and sound content is transmitted, which may originate from the speakers and from the participants. By registering, you agree that this content may be transmitted within the virtual event space. All participants are prohibited from recording this content. Further information can be found at: www.akademie-fresenius.com/privacy-policy.
