

12th International Akademie Fresenius Conference

Pesticide Residues in Food

+++ HYBRID EDITION +++

12 and 13 December 2023
in Cologne/Germany
and via Live Stream

Highlights

Regulatory requirements and guideline developments

- Developments on pesticides residues – update from DG SANTE
- Short update from the OECD expert group on residue analytical methods

Monitoring: Programmes and challenges

- 2021 EU annual report on pesticide residues in food
- Food monitoring in the United Kingdom
- Food monitoring in India
- Pesticides and the rapid alert system
- Processing factors
- What goes in should go out: human bio-monitoring to gain insight in exposure to pesticide mixtures

Analytical methods and tools

- Analysis of pesticides entailing esters and conjugates in their residue definition
- New chromatography and clean up advances in multiresidue methods for pesticide residues
- GC-MS/MS analysis of pesticide residues applying H₂ carrier gas instead of He
- Selective analysis of dithiocarbamates by classes
- Inclusion of metabolites in routine pesticide monitoring: the German metabolite project

Timings are in
Central European Time [CET](#).

Morning Session | 09:30 – 13:00 CET

09:00 On-site registration & opening of the virtual meeting room

09:30 Welcome address by the organisers and the Chairs

Monika Bross, BASF, Germany

Caroline Harris, Exponent, UK

The presentation slots include sufficient time for questions and answers.

Regulatory issues

09:40 Developments on pesticides residues – update from DG SANTE

Almut Bitterhof, European Commission, Belgium (virtual presentation)

Monitoring challenges

10:15 2021 EU annual report on pesticide residues in food

- EU-coordinated programme and national monitoring programmes
- Statistics, data visualisation, pilot probabilistic methodology
- Consumer dietary risk assessment

Luis Carrasco Cabrera, European Food Safety Authority (EFSA), Italy (virtual presentation)

Regulatory issues

10:45 Short update from the OECD expert group on residue analytical methods

Jochen Heidler, German Federal Institute for Risk Assessment (BfR), Germany

11:20 Coffee and tea break

Monitoring challenges

11:50 Pesticides and the rapid alert system

- Criteria for notifying pesticide residues in the RASFF
- Pesticides data in the RASFF
- Considerations for the future

Jan Baele, European Commission, Belgium (virtual presentation)

12:25 Food monitoring in the United Kingdom

Helen Kyle, HSE Chemicals Regulation Division (CRD), UK

13:00 Lunch break

Afternoon Session | 14:00 – 17:00 CET

14:00 Food monitoring in India

- Implementation of two national level schemes on pesticide residue in India
- Monitoring of pesticide residues in spices
- How this monitoring data has helped India in fixation of the international MRL's (FAO/WHO/Codex) facilitating trade to EU and other countries and overcoming consumer safety challenges

Vandana Tripathy, All India Network Project on Pesticide Residues (AINP-PR), ICAR-Indian Agricultural Research Institute, India

14:35 What goes in should go out: human biomonitoring to gain insight in exposure to pesticide mixtures

- Large scale study 10 European countries + Argentina
- Pesticides/metabolites found in urine and feces
- Glyphosate lost and found

Hans Mol, Wageningen Food Safety Research (WFSR), The Netherlands

15:10 Coffee and tea break

15:40 Processing factors update: Perspective of a food control and inspection office

Friederike Habadank, State Office for Agriculture, Food Safety and Fisheries Mecklenburg-Western Pomerania, Germany

16:15 Processing factors update: Industry perspective

Claire L. Stephenson, ADAMA, UK and Nell Townsend, Exponent, UK

17:00 End of the first conference day

18:30 Joint evening event

After the first conference day you are most welcome to attend our evening event for an unhurried evening of good food and leisure time. Please join us to continue the day's interesting discussions in a relaxed and comfortable atmosphere.

Morning Session | 09:00 – 13:10 CET

09:00 Welcome address by the Chair

Hans Mol, Wageningen Food Safety Research (WFSR),
The Netherlands

09:05 The “Information Note” on processing factors and the latest developments

Siret Surva, European Commission, Belgium

Analytical methods and tools

09:40 Analysis of pesticides entailing esters and conjugates in their residue definition

Michelangelo Anastassiades, EU Reference Laboratory for
Pesticides requiring Single Residue Methods (EURL-SRM),
CVUA Stuttgart, Germany

10:15 New chromatography and clean up advances in multiresidue methods for pesticide residues

Amadeo Rodríguez Fernández-Alba, European Union
Reference Laboratory for Pesticide Residues in Fruits and
Vegetables (EURL-FV), University of Almería, Spain

10:50 Coffee and tea break

11:20 GC-MS/MS analysis of pesticide residues applying H₂ carrier gas instead of He

- Hydrogen as an alternative carrier gas for GCMS
- Advantages and disadvantages of using H₂
- Multiresidue analysis of pesticides

Víctor Cutillas Juárez, European Union Reference Laboratory
for Pesticide Residues in Fruits and Vegetables (EURL-FV),
University of Almería, Spain

11:55 Selective analysis of dithiocarbamates by classes

- Challenges of dithiocarbamates analysis in food
- Setting up a working group for investigating the key-steps of the selective derivatisation method and main results obtained

Marine Lambert, French Agency for Food, Environmental and
Occupational Health and Safety (ANSES), France

12:30 Inclusion of metabolites in routine pesticide monitoring: the German metabolite project

Nadja Buchner, German Federal Office of Consumer
Protection and Food Safety (BVL), Germany

13:10 Lunch and end of the conference

The Organisers

For more than 25 years, Akademie Fresenius has been your partner for practice-orientated training on all the latest topics surrounding the safety and quality of food, consumer goods and chemical products along the whole production chain. Our portfolio not only includes international conferences but also offers national trade meetings, intensive practical seminars and training in small work groups.

Our events are designed to promote an active exchange amongst our participants and offer the perfect platform for bringing the industry, the scientific sector, the authorities and the consulting field together. Excellent service, all-inclusive. Our wide-ranging advanced training opportunities contribute to giving our customers the competitive edge in all quality assurance, risk assessment, legal, production and technical questions.

Akademie Fresenius is a joint venture between Carl Remigius Fresenius Education Group, one of the largest private and independent education groups in Germany, and SGS Institut Fresenius, one of the leading German providers of chemical laboratory analysis.

You can find details on upcoming and new events at www.akademie-fresenius.com

We have reserved a limited number of rooms for our participants at reduced rates at the hotel. These rooms can be booked up to four weeks prior to the start of the event. Please book early and directly through the hotel quoting "Akademie Fresenius" as reference.

Of course, participation via our Live Stream is also possible.

Terms of Participation and Purchase: The registration fee includes the participation in the event, event documentation, and, in the case of on-site events, lunch, coffee breaks, beverages as well as the evening event. You will receive written confirmation of your registration. Upon receiving our invoice, please transfer the amount due without further deductions before the event begins. The price of the event documentation includes the login details for the secure download section of our webpage where you will find the presentations in a pdf format. The login details will be sent to you via email after the event and as soon as advance payment has been received.

Group Reductions: For joint bookings received from one company we grant a 15% discount from the third participant onwards.

Terms of Cancellation: For our on-site events, written cancellations or transfers will be accepted free of charge up to four weeks prior to the start of the event. After this date and up to a week prior to the start of the event we will reimburse 50% of the registration fee. We cannot, unfortunately, provide refunds for later cancellations. For our online events, cancellations or rebookings to another event will be accepted free of charge up to one week before the start of the event. In the event of later cancellations or non-login to the online event, no participation fees can be refunded. In this

case, however, you will receive access to the documentation download after the event. Please note that you can name a substitute participant free of charge at any time.

General Terms and Conditions: By registering, you agree to our General Terms and Conditions as well as to our Privacy Policy. You can find our GTC on the internet (www.akademie-fresenius.com/general-terms) or receive them on request.

Personal Data: The Akademie Fresenius will keep your data for the purpose of organising this event. We will under no circumstances use your data for commercial trade purposes. By registering for this event, you consent to our occasionally contacting you by mail, email or phone in order to provide you with further information from our company. You can, of course, withdraw your consent whenever you wish. At our on-site events, occasionally, we go around taking photos and videos which are then published anonymously on our website. During our online events, image and sound content is transmitted, which may originate from the speakers and from the participants. By registering, you agree that this content may be transmitted within the virtual event space. All participants are prohibited from recording this content.
