

Online Training

Fertilisers and Plant Biostimulants under the Fertilising Products Regulation

A Practical Guide

30 and 31 October 2025, Online

This online training sheds light on recent regulatory topics and gives helpful compliance tips. It will enhance your understanding of the EU Fertilising Products Regulation (EU) 2019/1009. We will also focus on biostimulants, which now fall under this same regulation, and discuss borderline cases with plant protection products.

You will learn

- the regulatory requirements and best practices to make your products compliant to the EU Fertilising Products Regulation (FPR)
- the most important aspects of plant biostimulants and how to bring them on the market under the FPR
- the importance of REACH for both biostimulants and fertilisers, and the specific requirements to comply with the FPR
- how to draft a label for your CE fertiliser or biostimulant in line with the FPR

Thursday, 30 October 2025

10:00 – 13:00 | CET

Introduction to the EU Fertiliser Products Regulation

- Recent developments, link with other regulations, focus on Product Function Categories (PFC) and how to identify the relevant PFC and check compliance

Focus on Component Material Categories (CMC)

- Overview of the CMCs and how to check compliance of your ingredient(s) with the relevant CMC

Conformity assessment procedures and technical dossier

- Internal production control (Module A) and supervised product testing (Module A1)
- EU-type examination and Internal production control (Module B+C)
- Quality assurance of the production process (Module D1)

Participation Fee

€ 845.00 plus VAT

Friday, 31 October 2025

10:00 – 13:00 | CET

REACH + FPR: Practical solutions for fulfilling REACH criteria and including fertiliser use (PC12) in the dossier

- Requirements and exemptions under the FPR and how to check if a substance is compliant

Focus on plant biostimulants

- Terminology, general principles, practical examples, specific requirements for biostimulants under the FPR, borderline cases
- Link with national legislations (some examples)
- Labelling of fertilising products according to the FPR

Summary & discussion

Timings are in Central European Time CET.

The Organisers

For 30 years, Akademie Fresenius has been your partner for practice-orientated training on all the latest topics surrounding the safety and quality of food, consumer goods and chemical products along the whole production chain. Our portfolio not only includes international conferences but also offers national trade meetings, intensive practical seminars and training in small work groups.

Our events are designed to promote an active exchange amongst our participants and offer the perfect platform for bringing the industry, the scientific sector, the authorities and the consulting field together. Excellent service, all-inclusive. Our wide-ranging advanced training opportunities contribute to giving our customers the competitive edge in all quality assurance, risk assessment, legal, production and technical questions.

Akademie Fresenius is a joint venture between Carl Remigius Fresenius Education Group, one of the largest private and independent education groups in Germany, and SGS Institut Fresenius, one of the leading German providers of chemical laboratory analysis.

You can find details on upcoming and new events at www.akademie-fresenius.com

Who will benefit from training?

- ✓ Managing directors, managers, consultants and scientists working in the field of agrochemicals
- ✓ Producers, distributors and downstream users of fertilisers and biostimulants
- ✓ Technical experts from research and development
- ✓ Product stewards
- ✓ Regulators

Sectors that should take part:

- ✓ Agrochemical industry
- ✓ Special fertiliser, plant nutrition, biostimulants and biocontrol industry
- ✓ Research institutes
- ✓ Authorities
- ✓ Professional associations
- ✓ Contract laboratories/consultancies

How will this online training work?

Our online training will be live – with interactive participation – and will be held in the English language. Prior to the training, we will provide you with your login details which will allow you to participate and ask questions from your preferred location. All you need is a stable internet connection and an audio hardware system – and away you go!

Terms of Participation and Purchase: The registration fee includes the participation in the online event and the event documentation for download. You will receive written confirmation of your registration. Upon receiving our invoice, please transfer the amount due without further deductions before the event begins.

Group Reductions: For joint bookings received from one company we grant a 15% discount from the third participant onwards.

Terms of Cancellation: Cancellations or rebookings to another event are possible in writing without giving reasons and free of charge up to one week before the start of the online event. In the event of later cancellations or non-login to the online event, no participation fees can be refunded. In this case, however, you will receive access to the documentation download after the event. Please note that you can name a substitute participant free of charge at any time.

General Terms and Conditions: By registering, you agree to our General Terms and

Conditions as well as to our Privacy Policy. You can find our GTC on the internet (www.akademie-fresenius.com/general-terms) or receive them on request.

Personal Data: The Akademie Fresenius will keep your data for the purpose of organising this event. We will under no circumstances use your data for commercial trade purposes. By registering for this online event, you consent to our occasionally contacting you by mail, email or phone in order to provide you with further information from our company. You can, of course, withdraw your consent whenever you wish. During this online event, image and sound content is transmitted, which may originate from the speakers and from the participants. By registering, you agree that this content may be transmitted within the virtual event space. All participants are prohibited from recording this content. Further information can be found at: www.akademie-fresenius.com/dataprotection.
