

Online Training

Mastering Efficacy Testing for Biocides

19 November 2026, Online

Stay on Top of Efficacy Requirements!

Efficacy requirements for biocides are evolving rapidly, and expectations have tightened. Relying on past experience has become a real risk for gaps, delays, or even non-approval.

Keeping up with these developments and translating them into a strong and compliant efficacy strategy requires both clarity and up-to-date expertise.

This tailor-made online training provides you with exactly that: all the latest updates and essential knowledge you need to confidently navigate requirements and support successful product authorisation.

Learning Objectives

- Gain a clear overview of the regulatory context, key guidance, and latest developments in BPR efficacy requirements
- Understand core principles of efficacy testing and how data shapes SPCs, product claims, and market positioning
- Learn how to design efficient test plans and work effectively with labs and authorities to compile coherent datasets

Thursday, 19 November 2026

09:30 – 13:30 CET

Overview, Regulatory Context and Latest Developments

- Legal requirements and role in risk assessments
- Connection to other data requirements and impact on Summary of Product Characteristics (SPCs)

Market and Strategic Relevance

- How efficacy data influences market positioning and marketing claims

Information Sources and Guidance Overview

- ECHA Guidance on BPR – Volume II: Efficacy & related official documentation
- Overview of sources for test methods, protocols and guidelines

Participation Fee

€ 645.00 plus VAT

Basic Principles of Efficacy Testing

- Test organisms and selection criteria
- Test conditions and environmental relevance
- Validation, neutralisation, and control measures
- Resistance
- Understanding pass/fail criteria
- Test types across Main Groups 1-3: disinfectants, preservatives, and pest control products

Designing a Test Plan for Products or Product Families

- Selecting products and bridging tests
- Defining uses, claims, and borderline cases
- Choosing appropriate tests and conditions
- Managing formulations and active vs. non-active substances

Practical Guidance: Do's and Don'ts

- Working effectively with laboratories and reviewing reports
- Communicating with evaluating competent authorities (eCAs)
- Compiling coherent datasets and aligning marketing claims

Summary & Discussion

Timings are in Central European Time CET.

The Expert

Stijn Van Hees, ARCHE Consulting, Belgium

Registration

The Organisers

For more than 30 years, Akademie Fresenius has been your partner for practice-orientated training on all the latest topics surrounding the safety and quality of food, consumer goods and chemical products along the whole production chain. Our portfolio not only includes international conferences but also offers national trade meetings, intensive practical seminars and training in small work groups.

Our events are designed to promote an active exchange amongst our participants and offer the perfect platform for bringing the industry, the scientific sector, the authorities and the consulting field together. Excellent service, all-inclusive. Our wide-ranging advanced training opportunities contribute to giving our customers the competitive edge in all quality assurance, risk assessment, legal, production and technical questions.

Akademie Fresenius is a joint venture between Carl Remigius Fresenius Education Group, one of the largest private and independent education groups in Germany, and SGS Institut Fresenius, one of the leading German providers of chemical laboratory analysis.

You can find details on upcoming and new events at www.akademie-fresenius.com

Who should attend this training?

Anyone seeking a clear understanding of efficacy requirements under the Biocidal Products Regulation.

It is particularly valuable for professionals working in:

- ✓ Legal & Regulatory Affairs
- ✓ Registration & Authorisation
- ✓ Research & Development (R&D)
- ✓ Product Safety & Stewardship
- ✓ Product Management
- ✓ Regulatory Science

Online Training

Sustainability Requirements for Biocides

11 September 2026 | Online

www.akademie-fresenius.com/4023

How will this online training work?

Our online training will be live – with interactive participation – and will be held in the English language. The training will be conducted using the meeting tool Zoom. Prior to the training, we will provide you with your login details, which will allow you to participate and ask questions from your preferred location. Simply log in on the day of the training – and away you go!

Terms of Participation and Purchase: The registration fee includes participation in the event, event documentation, as well as coffee break and beverages. You will receive written confirmation of your registration. Upon receiving our invoice, please transfer the amount due without further deductions before the event begins. The price of the event documentation includes the login details for the secure download section of our webpage where you will find the presentations in a pdf format. The login details will be sent to you via email after the event.

Terms of Cancellation: For our on-site events, written cancellations or transfers will be accepted free of charge up to four weeks prior to the start of the event. After this date and up to a week prior to the start of the event we will reimburse 50% of the registration fee. We cannot, unfortunately, provide refunds for later cancellations. For our online events, cancellations or rebookings to another event will be accepted free of charge up to one week before the start of the event. In the event of later cancellations or non-login to the online event, no participation fees can be refunded. In this case, however, you will receive access to the documentation download after the event. Please note that you can name a substitute participant free of charge at any time.

General Terms and Conditions: By registering, you agree to our General Terms and Conditions as well as to our Privacy Policy. You can find our GTC on the internet (www.akademie-fresenius.com/general-terms) or receive them on request.

Personal Data: The Akademie Fresenius will keep your data for the purpose of organising this event. We will under no circumstances use your data for commercial trade purposes. By registering for this event, you consent to our occasionally contacting you by mail, email or phone in order to provide you with further information from our company. You can, of course, withdraw your consent whenever you wish. At our on-site events, occasionally, we go around taking photos and videos which are then published anonymously on our website. During our online events, image and sound content is transmitted, which may originate from the speakers and from the participants. By registering, you agree that this content may be transmitted within the virtual event space. All participants are prohibited from recording this content. Further information can be found at: www.akademie-fresenius.com/dataprotection.
